

A BUD'S RESTING PLACE

The Remains of Little Mabel Witham
Laid in the Grave.

HAPPENINGS IN MISSOULA

The Trial of James McIn for At-
tempted Murder Commenced in
the District Court—Per-
sonal and Otherwise.

Special to the Standard.

MISSOULA, June 16.—The funeral of Mabel Witham, the young girl who was accidentally shot yesterday, took place this afternoon from the Methodist Episcopal tabernacle. It was one of the largest and saddest for some time past, the untimely death of the deceased and the popularity of her and her family combining to bring out a large number of sorrowing friends. A procession was formed at the house consisting of over 50 railroad men, friends of Mr. Witham, marching in column of twos, the little girls of the Methodist Sunday school in couples, the bears and pall bearers and about 30 carriages. Near the church the railroad men separated into two lines facing each other, and stood with uncovered heads while the remainder of the procession passed between them. Rev. Dr. Raleigh, pastor of the church, led the way into the sacred edifice, which was already filled with sympathizing friends. The services consisted of the reading of a psalm by Dr. Raleigh, prayer by Rev. Hugh Lamont, reading of a chapter from one of the epistles of St. Paul by Rev. George Stewart, and remarks by Dr. Raleigh, at the close of which he offered a short prayer. The exercises were interspersed with appropriate music, touchingly rendered by the choir. After several hundred persons had looked for the last time on the face of the deceased, the procession was reformed and proceeded to the cemetery where, with appropriate services, the remains were laid at rest.

The white casket containing the remains was covered with wreaths of white flowers. In the church there remained many of the decorations placed there for children's day, in whose exercises Mabel had taken a prominent part, as the Pearl of Nazareth. The pall-bearers were boys who had been friends of hers.

On all sides are heard expressions of regret at the sad taking off of one so much loved, and just as she was entering womanhood, and expressions of sympathy for the bereaved family. By her death the public schools lost a bright pupil, the Methodist church and Sunday school an active and faithful worker, many people a dear friend and her already bereaved family one whose place can never be filled.

Seth C. Drake, representative of the Continental Oil company, who during several months' residence here has made many friends, leaves to-night for a visit at his home in Omaha.

Among the guests at the Florence are O. C. Clark of Butte and H. Flowers and W. H. Allenworth of Anaconda.

E. L. Bonner returned from Deer Lodge to-day.

The farce comedy, "A Social Session," will be presented at the opera house July 1. The Black Hussar band is one of the attractions.

Assistant General Attorney Bullitt of the Northern Pacific, accompanied by his wife and Dr. and Mrs. Buckley of this city, went down the Coeur d'Alene branch last night in Mr. Bullitt's private car.

Arthur Higgins returned for his summer vacation last night, after a year spent in a military academy at Poughkeepsie, N. Y. He says that Frank H. Woody, Jr., who has been attending business college in the same city, will be home in about a week.

"Shorty" Sackrider has removed his saloon in the Roberts block to elegant new quarters, formerly occupied by the City drug store.

Attorney Robert A. O'Hara, accompanied by his sister, Miss Mary O'Hara, is down from Hamilton to-day.

The trial of James F. McIn commenced this morning in the district court. Last year while postmaster at Trout Creek he had a dispute with a neighbor, who charged him with stealing his mail, and shot the man and wounded him. The charge against him is assault with intent to commit murder. When the state's testimony was in the prosecuting attorney objected to McIn's being put on the stand, as he had been in the penitentiary. Court adjourned until a telegram could be sent to Helena to learn whether he had been pardoned as he claimed.

A. E. Driggs of Butte, is here to-day, and R. M. Cobban is expected to-morrow. Their visit is to look after their fire clay interests. Some brick and tile are now being turned out.

J. E. Lamb was taken to Deer Lodge by Sheriff Houston this morning. He is sentenced to one year in the penitentiary for stealing furs from a box car.

Peter E. Frisk, of the Flathead country, has brought suit for divorce against Anne Frisk, alleging desertion.

George Howson, tailor for the D. J. Hennessey Mercantile company, has opened a shop in the Kern building.

Those who attended the picnic given by the Cigar-makers' Union yesterday at the Fair ground report a pleasant time. Races and athletic sports were the chief amusements.

J. A. Houston, of the Flathead Lake Navigation company is in the city.

J. A. Peter and C. S. Taylor returned from Lost Gulch last night, where they have been cutting open the trail and getting ready for active placer mining. They brought with them some nuggets running from 50 cents up to several dollars in value. To-morrow 10 men go down to commence ground sluicing, and by August 1 it is expected machinery will be in place for regular hydraulic mining. The locators of claims have decided to form a close corporation with a capital stock of \$20,000 shares of a par value of \$1 each.

James C. O'Brien and Ellen McCarthy of Granite were married at the residence of Rev. Father Diomed to-night.

APPAIRS AT PHILIPSBURG.

Sold Whiskey to Indians—A False Alarm—Collecting Licenses.

Special to the Standard.

PHILIPSBURG, June 16.—Patrick Connolly was arrested by Policeman Elkins last night charged with selling whiskey to Indians, but Justice Connolly thought the evidence insufficient and discharged him. There are a great many native North

Americans in this place at present, and they seem to be able to procure more whiskey than they actually need for medicinal purposes.

At Granite this morning some one accidentally touched an electric fire alarm button and for some time there was great excitement. All of the whistles were blown and the fire alarm bell was rung and nobody knew where the fire was and everybody was glad when it was proven to be a false alarm.

The deputy county collector of licenses is collecting licenses of every peddler who attempts to do any business, and is heartily applauded by all the business men.

A COMMERCIAL WAR.

What a Prominent German Predicts Will Be Caused by Progressive America.

BERLIN, June 16.—With reference to the proposed German world's fair to be held in 1896, Mr. Von Siewans, the great electrician, who is a leading member of the committee of projectors, talking with an Associated Press representative to-day, said they will make a solid showing of what they can do in the way of manufacturing, without any Eiffel tower or similar attraction. In addition, he said, European nations are becoming aware they must consolidate commercially against American aggression. "America," said he, "is not only showing out many of our products by prohibitive tariffs, but she also threatens our trade with the South American republics and even with Africa and Asia. Power naturally makes America aggressive, and Europe must take a share of her interests or be pushed to the wall. If the American keeps on as now, we shall have to come to a commercial war. We will retaliate."

"But," said the correspondent, "do you think Europe, and Germany especially, will be the gainer by such a policy? Do you know that millions of dollars worth of your manufactures are exported to America every year; that we could strike a serious blow by simply prohibiting your sugar?"

"Yes," said Herr Siewans, "but we shall find other channels of trade. Besides, as America advances she will need less and less of our manufactures."

When asked if Germany would exhibit at the world's fair, he said he did not know yet; at present it seemed folly to exhibit in a country where the people did not buy from them.

RAN INTO THE STREAM.

Particulars of the Death of Charles Carlson Near Monarch.

Special to the Standard.

GREAT FALLS, June 16.—Further particulars of the death of Charles Carlson at Monarch were learned to-day. It seems he had been drinking and became engaged in an altercation with some one in a saloon and incurred the enmity of the crowd around the place. Becoming frightened, he rushed out, as if to get away from his tormentors, and instead of crossing the bridge, ran into the creek. His body has not yet been recovered, although diligent search has been kept up.

The creeks in the Belt mountains are swollen into rivers and the roads through the mountains are almost impassable. On the Belt Mountain railroad one bridge is washed away and there have been several landslides, stopping all traffic on the road at present.

While attempting to ford Belt creek yesterday on their way to the city, two brothers named Bower lost their team of mules by drowning, and one of the men narrowly escaped.

A Change Announced.

CHICAGO, June 16.—The commission firm of R. W. Durham & Co., of which ex-Congressman Durham is the senior partner, gave notice on the board of trade this morning that their trades would be cleared through the firm of Norton & Worthington. Durham says it simply means that he is going to retire from the commission business and that he took this means as the shortest and simplest way out, as all his trades are protected.

The firm was sued in the circuit court this afternoon for \$20,000 damages by Moss Barne, and at the same time attachment proceedings were taken out. This action is because, as alleged, it was discovered that Dunham conveyed away all his real estate. Later in the day, Barne by his attorney, filed a petition in the county court under the terms of the voluntary assignment act, setting forth that on June 14 Dunham was absolutely insolvent and knew himself to be so; that he transferred to John P. Aprens, attorney, real estate worth \$50,000, the transfer being a secret trust for the benefit of Dunham's creditors. The indebtedness of the firm is alleged to be over \$200,000 over assets, and the court is asked to take jurisdiction and bring the firm into court.

Will Refuse to Sign Warrants.

SAN FRANCISCO, June 16.—State Comptroller Coglan has announced that he will refuse to sign warrants granting \$330,000 to the California world's fair commission for the state exhibition. He bases his action on the provision of the state constitution which says that no money shall be appropriated for the benefit of any association or institution not under the exclusive control of the state. He claims the commission is not exclusively under the state control. The case will be tested in the courts.

SACRAMENTO, Cal., June 16.—It is denied that Comptroller Coglan has said he would refuse to sign a warrant for appropriation for the world's fair; furthermore he has not yet considered the matter at all.

A Serious Cave-in.

PORT HURON, Mich., June 16.—A big cave-in occurred on the Port Huron & Grand Trunk tunnel this morning. The north bank for many feet gave away and sank into the approach, carrying the engine house with it. Fortunately, at the time no one was near it. It will take two months to remove the earth that caved in.

LONDON NOTES.

LONDON, June 16.—The idea of an autumn season has been abandoned. Parliament will recess in January.

The census of England and Wales shows a population of 29,000,000, an increase of 6,000,000 in the last decade.

In response to the protests of the foreign diplomatic representatives at Peking, the emperor of China has ordered the Chinese authorities to protect all foreigners and to punish the natives who took part in the recent riots.

The British consul at Odessa, in a dispatch to Lord Salisbury denying the reports of the exodus of the Russian Jews to England, says the talk of emigrants go to Constantinople.

CABLE FLASHES.

Small Items of News Gathered From Foreign Countries.

BERLIN, June 16.—The high price of cereals is being maintained on account of the bad weather in the grain growing districts, especially in the Harz mountains and Tyrol where snow recently fell.

PARIS, June 16.—The chamber of deputies has voted an approval of a duty of three francs on maize with a provision for the temporary admission of grain if it is to be used in the manufacture of alcohol for export.

BASEL, Switzerland, June 16.—The first class passengers killed here include Dubeck, director of the Jura & Simplon railroad; Dr. Vegele of Basle and family; Prof. Dubeck and other well-known persons of Basle.

DOTS AND DASHES.

Condensed News From Various Sections of the Union.

PORTLAND, Ore., June 16.—At the municipal election yesterday W. S. Macdon, citizen candidate for mayor, was elected by a majority of more than 2,000.

NEW YORK, June 16.—Agents of the Cunard steamship company scout the idea that anything has happened to the steamer Euribia which is reported to be either burned or sunk by a collision with an iceberg.

SAN FRANCISCO, June 16.—Warner Miller, president of the Nicaragua Canal company, denies the charge of extravagance made against the officers of the company.
